

MID-YEAR REPORT

SO FAR THIS YEAR,
WE HAVE FULFILLED
THE NEEDS OF

1,539

CHILDREN IN
FOSTER CARE.

The mission of Foster Angels is to improve the lives of children in foster care ensuring each child has their basic needs met and providing life-enhancing opportunities whenever possible.

Creating a safe space for two siblings...

When six-year-old Aly and her younger brother Justin came into foster care, it was an uphill battle finding a home that had space for both of them. Aly was placed in a foster home that then said they could take in Justin if they just had one more bed. Foster Angels was able to get a brand new bed, mattress, and bedding delivered the very next day. In addition, we had bedding delivered for Aly with her favorite LOL Dolls on the bed spread and Justin a special Bluey blanket so they could feel at home.

**LIFE-ENHANCING
OPPORTUNITIES**

Fostering a future through summer programs...

17-year-old Sofia is an excellent student, despite growing up in a home where she experienced severe neglect and played the part of caregiver for her younger siblings. When she came into foster care earlier this year, it was the first time she has been able to think about her own future. She was also accepted into a summer program at Rice University to have an immersive college experience, but even after scholarship Sofia would need help paying for the program. Fortunately, with the help of Foster Angels Sofia gets to see what college is all about this summer!

Encouraging youth who are aging out of care...

So far this year, we have already helped more young adults through our Guide To Thrive programs than we served in the entirety of 2023.

We have celebrated three Bright Angel Scholar graduations so far this year! Through increased community giving, we are now supporting 27 active scholars—our largest class of scholars yet! Overall, our Bright Angel Scholars boast a 60% success rate compared to the state’s 3% graduation rate for foster youth.

Still to come in 2024

Our flagship event celebrating extraordinary children in foster care and raising funds to transform their lives.

Shining Stars Luncheon

Tuesday, September 24, 2024 | 12:00 PM
JW Marriott | Austin, TX

Toys for Teens

Our holiday drive fulfilling wish lists for teenagers in foster care and creating extra special memories in the winter season.

Wish lists go live on our website the first week of November.
Volunteer shifts take place the first week of December.
